

MiDoMet Solar Panel (MD.PS.4W)

4W solar panel, dimensions 170x115x25mm, charge controller and 6-cell ER18650 battery pack are included.
Total capacity 18000mAh

FEATURES

- Power output 4.1V 2A
- Interface output: direct cable with IP68 connector
- Universal fixed bracket
- IP66 protection
- Short circuit reverse connection protection
- Cell type: monocrystalline silicon with 23% efficacy
- Input voltage: 6V
- Input current: 0.8A
- Battery pack: 6 cells 18650
- Capacity min. 3000mh max. 18000mh
- Charging Time 8-12 h
- Cable length 2m
- Working Humidity: < 90%RH
- Weight 0.8 kg
- Dimensions 170 x 115 x 25 mm
